## EDUCATION

---

### University of Michigan, Ann Arbor

Sep 2021 - May 2023

- Bachelor of Science / Computer Science
- U-M Library Student Grant

GPA: 3.4/4.0

## PRACTICAL EXPERIENCE

---

### UM Ann Arbor, EECS 183 Elementary Programming Concepts

#### Course Grader

Oct 2022 - Dec 2022

- Familiarized project coding style review rubric made by Graduate Student Instructor and read through project spec to develop a grading plan for each project.
- Reviewed 80+ students' program per job, finding segments that can be improved through code review and provide suggestions for revising to help them familiar with clean code.

## PROJECT

---

### AR application design for optimizing the experience in the library

Oct 2022 - Present

- Applied Tesseract OCR to help recognized text in image file
- Programing to split and assemble words to meaningful sentence and paragraph;
- Mapping text to animation files through database system.
